

	Learning objective	Main teaching	Activity	Resources	Vocabulary
Monday Art		Bank holiday			
Tuesday Science and PE		See Miss Foster's Tuesday plans			
Wednesday Computing		See Mrs Sycamore's computing plan			
Thursday Geography	To use aerial photographs	Aerial photographs are taken from the air, from above. They are also known as a 'bird's eye view'. Look carefully at the aerial photographs – where do you think it is? (old and new Hunstanton). What can you see? Can you recognise any landmarks and key physical/human features?	Label the physical and human features you can identify on the aerial photo, e.g. sand dunes, car park, sea etc.		features physical human aerial photograph landmark
Friday PE	To throw accurately towards a target	WARM UP Throw beanbag towards hoop, retrieve and repeat. TEACH Model overarm and underarm throws and ask chn to practise these towards their hoop target. When might we use each type of throw?	A carousel of activities: - throwing beanbags into large or small hoops - throwing quoits onto target spots - throwing a ball through a hoop held by a partner	beanbags quoits hoops spots balls	throw target accuracy overarm underarm
